I = Introduce - Learning outcomes are introduced at the basic level.

D = Develop - Students are given opportunities to practice, learn more about and receive feedback to develop more sophistication in the outcome.

M = Mastery – Students demonstrate mastery at a level appropriate for graduation.

Learning Outcomes:

1. Students will demonstrate correct positioning for radiographic procedures.
2. Students will practice radiation protection.
3. Students will be able to modify standard procedures.
4. Students will critique radiographic images.
5. Students will recognize the importance of patient confidentiality.
6. Students will perform procedures with compassion to all.
7. Students will demonstrate effective oral communication.
8. Students will demonstrate written communication skills.
